

India Mixed Archive 02 — Noisy Multimodal Retrieval Test

A deliberately varied synthetic archive containing duplicated ideas, abbreviations, inconsistent formatting and retrieval-target facts.

ARCHIVE / RECORD METADATA

DOC-ID: IND-NOISE-02 | quality=PARTIAL | revision 4.1 | language=English | source=mixed. This document is designed to test normalization, chunking, semantic search and metadata filtering.

INDIA QUICK REFERENCE: capital—New Delhi; currency—Indian rupee; region—South Asia. NOTE NOTE: capitalization may vary. Some entries repeat information intentionally.

- TAG GEO: Himalaya / monsoon / rivers.
- TAG SCI: ISRO / satellite / navigation.
- TAG CULT: language / dance / festival.

GEO-GEO / WATER NOTES

Himalayas -> north. Thar Desert -> northwest. Western Ghats -> biodiversity. Sundarbans -> mangroves. Ganga, Brahmaputra, Godavari, Krishna, Narmada = major river names.

NOISY LINE: Sundarbans=SUNDARBAN / mangrove mangrove / delta. Retrieval should understand the concept despite repetition.

- Question target: Which Indian region is associated with mangrove ecosystems? Answer: Sundarbans.
- Question target: What seasonal system influences rainfall and agriculture? Answer: monsoon.

HISTORY / SCIENCE / TECHNOLOGY

Harappan sites show evidence of urban planning and drainage. Ashoka belongs to the Mauryan period. India became independent in 1947 and a republic in 1950.

ISRO -> space. Chandrayaan -> Moon. NavIC -> navigation. UPI -> digital payments. AI -> machine learning / language / vision / automation.

- Repeated retrieval concept: Chandrayaan + Moon + ISRO.
- OCR TEST: N4VIC should normalize toward NAVIC when context supports it.

Reference Table

Tag	Concept	Example
GEO	Physical geography	Himalayas, Thar
WAT	Water	Ganga, reservoirs
SCI	Technology	ISRO, NavIC
CUL	Culture	Dance, festivals
ENV	Environment	Mangroves, pollution

CULTURE / FOOD / HERITAGE

22 languages are listed in the Eighth Schedule. Bharatanatyam, Kathak, Kathakali, Kuchipudi and Odissi are examples of classical dance traditions. Pongal and Onam are major regional festivals.

Cuisine differs across regions. Rice, wheat, pulses, vegetables, spices, dairy and seafood appear in different combinations. Heritage includes monuments AND living traditions.

- Tag: dance=Bharatanatyam.
- Tag: festival=Pongal.
- Tag: heritage=tangible + intangible.

ENVIRONMENT / ECONOMY / RETRIEVAL QUESTIONS

Environmental issues: air pollution, water pollution, waste, habitat loss, groundwater depletion and climate risks. Economic sectors include agriculture, manufacturing and services.

FINAL ARCHIVE NOTE: repeated concepts are intentional. A good RAG system should answer from the relevant chunk, preserve metadata, and avoid combining unrelated facts.

- Target Q: Name a major service industry in India. A: information technology.
- Target Q: Give an example of a living heritage practice. A: handloom weaving, storytelling or traditional craft.
- Target Q: Name a major Indian space organization. A: ISRO.
